

# Bugs report for Paylocity

By Christian Saldana <christianesi@gmail.com>

## API BUGS

Title [API - POST - Add Employee endpoint failing](#)

Actual behavior:

Calling api <https://wmxrqw14uc.execute-api.us-east-1.amazonaws.com/Prod/api/employees>

Payload: {

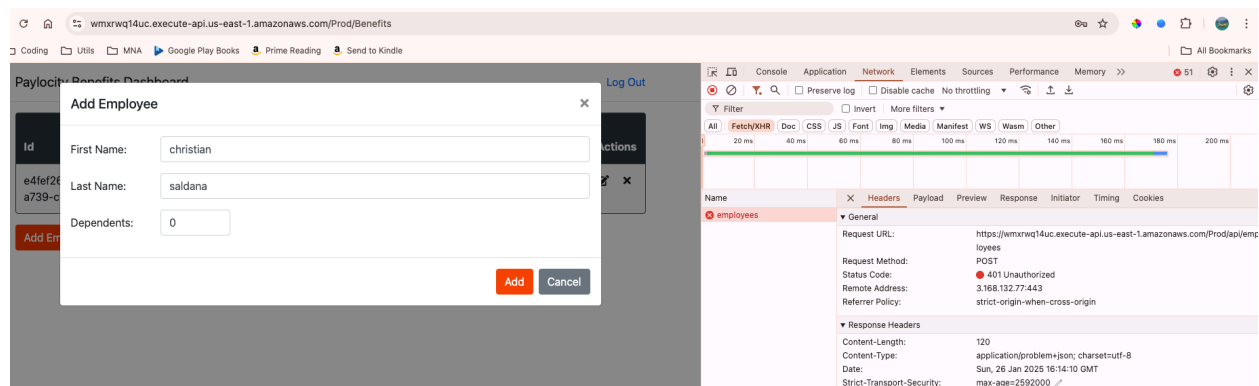

```
"firstName": "Christian",  
"lastName": "Saldana",  
"dependants": 1
```

}

Returns 401 unauthorized

Expected behavior

Employee should be added and api should return a 200 status code.

Title [API - PUT - Update Employee endpoint failing](#)

Actual behavior

Calling api <https://wmxrqw14uc.execute-api.us-east-1.amazonaws.com/Prod/api/employees>

Payload

```
{id: "e4fef265-87bb-4d32-a739-c9e5839cd71c", firstName: "Steve2", lastName:
"Rogers2", dependants: 10}
dependants: 10
firstName: "Steve2"
id: "e4fef265-87bb-4d32-a739-c9e5839cd71c"
lastName: "Rogers2"
```

Returns 401

Expected behavior

User should be able to edit user with api. Return 200 status code.

The screenshot displays a web application interface for a 'Paylocity Benefits Dashboard'. The dashboard includes a table with columns: Id, Last Name, First Name, Dependents, Salary, Gross Pay, Benefits Cost, Net Pay, and Actions. A single employee record is visible: Steve Rogers, with 1 dependent, a salary of 52000.00, and a net pay of 1942.31. Below the table is an 'Add Employee' button. To the right, the browser's developer console is open, showing a failed API request. The request is a PUT to 'https://wmxrwq14uc.execute-api.us-east-1.amazonaws.com/Prod/api/employees/' with a status code of 401 Unauthorized. The response headers indicate the content type is 'application/problem+json' and the date is 'Sun, 26 Jan 2025 16:10:44 GMT'.

Title API - DELETE - Delete Employee endpoint failing

Actual behavior

Calling API

<https://wmxrwq14uc.execute-api.us-east-1.amazonaws.com/Prod/api/employees/{id}>

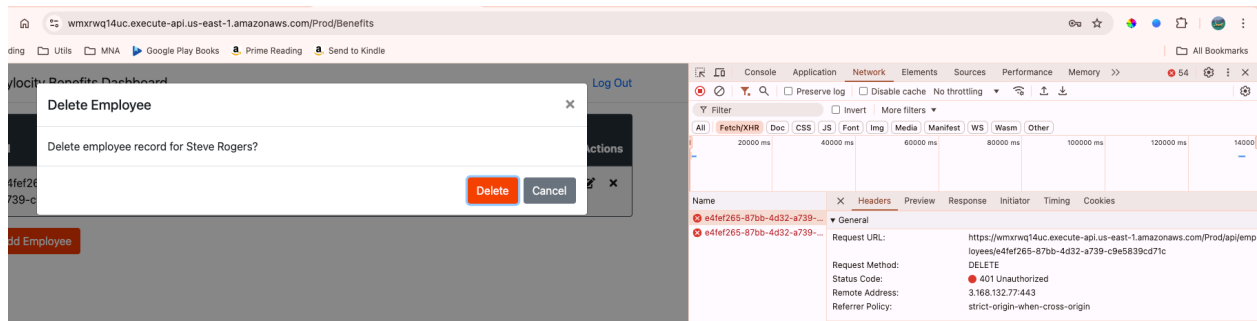

Preview

```
{type: "https://tools.ietf.org/html/rfc7235#section-3.1", title: "Unauthorized", status:
401,...}
status: 401
title: "Unauthorized"
traceld: "0HN9U4DQ1241N"
type: "https://tools.ietf.org/html/rfc7235#section-3.1"
```

Returns 401 status code

Expected behavior

Endpoint should return 200 status code.

## UI BUGS

Title **UI unable to add new employee**

Actual behavior **Using the button <Add Employee> I tried adding a new user.**

Expected behavior **User should be added.**

Title **UI unable to edit employee**

Actual behavior **While using the edit button next to the employee, the changes were not saved.**

Expected behavior **The changes should be displayed.**

Title **UI edit button doesnt do anything.**

Actual behavior **I clicked on the delete button next to the employee. It didnt do anything. After several minutes the employee was removed.**

Expected behavior **After delete button is confirmed the employee should be removed immediately.**

Title **Logout button disappeared.**

Actual behavior **while being in the dashboard, I noticed the logout button disappeared.**

Expected behavior **Logout button should always be visible.**

Title **After refresh data is gone**

Actual behavior **After doing browser refresh all data is gone.**

Expected behavior **Data should be displayed.**
